

KIND Name _____

No MAYBEs with Rabies

Rabies is a dangerous disease. But we can keep ourselves and our pets safe. To find out how, count the number of words in each question below. If the question has an even number of words, write yes in

the blank beside it. If the question has an odd number of words, write *no* in the blank. Answer only *yes* or *no*. No *maybes* with rabies!

-
1. Should you tell your parents right away if you are bitten by an animal? _____
 2. Is it safe to pet a raccoon that acts very friendly? _____
 3. Is it OK to keep a baby raccoon for a pet? _____
 4. Should you get your dog or cat a rabies shot? _____
 5. Should you keep your dog in a fenced yard or on a leash, so that he or she cannot meet wild animals? _____
 6. Should you touch a wild animal that is sick or hurt? _____
 7. Should you feed wild animals? _____
 8. Is it safe to help an injured bat that you find lying on the ground? _____
 9. Should you get a rabies shot for your cat who stays indoors? _____
 10. Should you keep garbage cans closed up tightly so wild animals don't come around? _____

Draw a picture to illustrate (tell about) one of the *yes* questions above. Use the back of this paper.
